Because it's every womens right to choose

Dublin Abortion Rights Group

WHAT WE STAND FOR:

- 1. As a minimum, legislation to provide for abortion in Ireland as required by the X case.
- 2. The repeal of the Eighth Amendment to the Constitution, and of the 1861 Act which makes abortion a crime.
- 3. That pregnant women have the right to make fully informed and freely chosen decisions on their pregnancy. This requires:
 - (a) The provision of free and freely available abortion facilities in the state to all women who wish to terminate their pregnancies.
 - (b) The provision of a guaranteed minimum income, housing, support facilities etc. to all women who continue their pregnancies and keep their child.
 - (c) A supportive attitude to all women who decide to opt for adoption, and recognition of the rights of women and children in this position.
 - (d) Provision of pregnancy counselling, contraception and sex and relationships education to all who require it.
