

## AUGUST BLOW OUT SALE

Drop into your Pro-Shop to find some amazing sales. There are deals on all clubs and clothing. Demo clubs are also on sale. Bags and shoes are also on sale. Get your new wedge with square grooves before we have to switch to the V grove 2010 wedge. Come out early and get a better selection than waiting for the Final Sale days of September. See Wendy, Gary, Tom or Murray and they will assist you in your selections. SUPPORT YOUR PRO-SHOP AND CLUB.

### **Do you know which is your dominate eye.**

Did you know this can make a dramatic difference in the type of **PUTTER** that will work best for you. To determine your dominate eye hold your finger in front of you at arms length with a pole or tree in the background until your finger is in the center of the object. Close one eye then the other, when you close one the pole will move and when you close the other the object will not move. The eye that stays open and the object does not move is your dominate eye.

If you putt right and your right eye is dominate you need more offset on your putter than if it was your left eye. Food for thought. **But it's not that important as putting only 40% of the shots that are taken on the course?**

*Main Gate at Circled Pine GC  
Zero dark thirty taken by Tom.*

### AUGUST TOURNAMENTS

8<sup>th</sup> & 9<sup>th</sup> Aug ~ Ladies and Seniors Club Championship

11<sup>th</sup> Aug ~ Junior CC

**Come out and support your Club!**

If you are playing in a tournament and wish to use a cart, please reserve a cart in advance of the date.

### And on the other hand...

- \* If profanity had any influence on the flight of a ball, most everyone would play better.
- \* The greatest sound in golf is the Whoosh, Whoosh, Whoosh, of your opponent's club as he hurls it across the fairway.
- \* A recent survey shows that of all jobs, caddies live the longest. They get plenty of fresh air and exercise, and if there's ever a medical emergency, a doctor is always nearby
