

Notes from the GM's Desk

You may have noticed lately that there have been changes in our Clubhouse, one of which is the new management of our kitchen and bar staff. There have been some changes and many of the great things started in the last couple of years have been kept like our Friday Buffets, which are a terrific success, we have also implemented a daily special that is posted both on the Website and on the notice board just in the front foyer. We welcome Chef Karen Latanville who has come from Tangle Creek and brings with her a wealth of new ideas. A bar supervisor has yet to be hired, but in the interim, Bonnie Lassard and Karen Diletti from Bleachers will temporarily take on those responsibilities. We will be installing a handicap ramp instead of repairing or replacing the elevator. These costs will be covered by CE and is scheduled to be completed in July. Anderson Park Clubhouse had some upgrades since the fall. New roof, repairs to the eaves roughing, new skirting around the base of the building, and new carpeting and window blinds. The girl guides have offered to do some gardening and minor landscaping around the building. If anyone is interested in taking on some landscaping tasks please contact Kevin.
