12th Year Edition

Volume 10, Issue 1

August 2008

WARNING ORDER

Greetings ClamVets!

A stunning new Labour Day is upon us and we must gather once more for the Clambake of all Clambakes! More exciting war stories as we reminisce about all of the "Gall Dang" crap that Mike got away with and how he truly brought the regiment to a new level. If this man didn't affect you in some way then you missed the boat buddy!

"Turns out" that The Raadt will do all of the cooking this year!! If we are lucky, he won't burn down Jackie's house. This guy is so good he could make a golf ball taste good! (snicker, snicker!)

You wanna drive in the bush? Darrel purports to have a new Clam Jeep. It's tight, white, and right! And speaking of white, remember to wear your Clam T-Shirts with pride because when the enemy sees us waving our white Clam flag they KNOW we mean business!

The theme for this year will be relaxation and re-organ-ization filled with drinking, debauchery, and dangerous deeds of daring debonair.

Flaming pyrotechnics, a roaring campfire, heaps of food, rivers of drink, and dazzling companionship!! Just as Nature intended!!

Check out Paul's latest toupee, Darcy's latest wife, and watch as professional golfers flee the course in disgust when we "Hit the Greens"!!

Pick up your kit and get ready to **DO THE CLAM!!!!!!**

"May the CLAM be with you!"
