## PRIME MINISTER: BRING THE TROOPS HOME

Dear Tony Blair

We, the undersigned call for the troops to be brought home from Iraq immediately.

We ask you to act on this as a matter of urgency. This war was based on lies. Already too many people on both sides have died and too many others have suffered.

The situation in Iraq is deteriorating. It is an abuse of the loyalty of members of the British armed services to continue to force them to risk their lives in an immoral war which a majority of people oppose.

It is time for us to go.
