

THE REXIAN Aluminus

*A journey back into time....
Through the unwritten pages in history....*

Released on
27th February, 2004

Last updated on
29th May, 2004

**national institute of technology silchar
regional engineering college silchar**

jacob james
ECE, Batch of 2000-2004
Editor & Designer
The Rexian Aluminus
mail me at:
jacobjames1981@yahoo.com

Well friends, I have finally made this Alumini eBook after a long wait. It had been a very long and time consuming project but I have really enjoyed working on it. When we had first ventured to start an Alumini Association, we had got only 11 entries. This time however, there was a very good response. I thank all the former students who had helped me with gathering the information.

I would like to acknowledge that a lot of my batchmates had helped me in this project. In particular, I would like to thank Sunil K. Muduli, Asish G. Varghese, Ratnadeep Deb, Prasanta Bhowmik, Tamanna-E-Rassull, Dhrubajyoti Das, Jay Raj and Ayan Chakrabarty.

I have tried my best to keep this eBook error free. However some errors may have crept in inspite of my best efforts. I wish everyone good luck in all their endeavours and hope that this Alumini Association would grow and become stronger in the days to come.

This is an earnest attempt to bring together the former students of NIT (REC) Silchar. We dedicate this eBook to all those attached to NIT (REC) Silchar in some way or the other. May God Bless Us in our Efforts and Help Us to Shine out and Distinguish Ourselves in this Big, Bad, Beautiful World.

OUR MISSION STATEMENT

“To produce quality man-power, equipped with such human and social values required to integrate excellent technical skill, social character, leadership, creativity and renovation for the benefit of mankind and sustainable development of India and to promote research in the emerging disciplines.”

OUR NEW LOGO

Rationale

Regional Engineering College, Silchar has been transformed into National Institute of Technology. An institute already known for its high quality technical education, that it imparts in the students who come here to pursue technical education from the Seven North Eastern States as well as the entire country.

NIT Silchar, stresses its educational strategy in an Institute of national importance, which takes a cosmopolitan approach towards educating youth. It wants to promote itself as a premier Institute for technical education in India and expresses its policies in the following words – ‘Education’, ‘Technical’, ‘Confluence’, ‘Cosmopolitan’ and ‘National’.

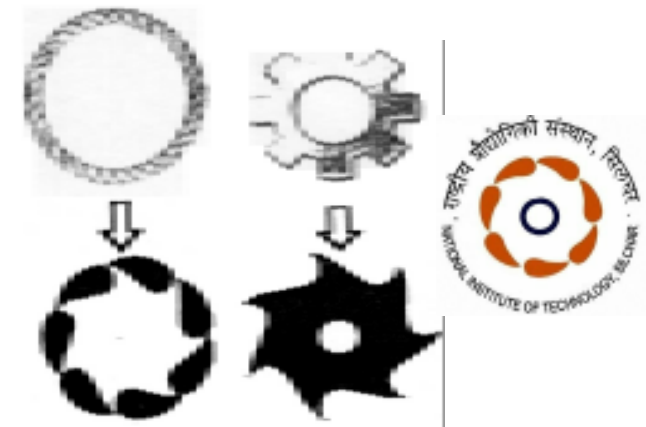

Symbol

Reflecting these themes and embodying them in a symbol is the new logo for National Institute of Technology, Silchar. The outer ring in the logo is a simplified form of a rope which is symbolic of strength and confluence. The knots of the ropes have transformed into seven leaves, denoting the seven North-Eastern states which until now REC Silchar represented. Their merger has now resulted into a new entity i.e. NIT Silchar.

The leaves surround a gear inside them which is the icon for technical education. Its forward rotation signifies continuous growth and improvement. The central ring is the axis and basis of all development.

Colours

The colours of the logo are: Red and Blue. These two colours are the basic colours and have a cosmopolitan look. Besides, being the colours of opposite contrast, these create a sense of dynamism and vibrancy. These colours also give a sense of authority and officialness to the logo.

Super Aluminis

25

years have passed since our college came into existence. And over these 25 years, many things have changed. This is an earnest attempt to renew the old memories of all the former students of the college.

Our college has now been re-named as National Institute of Technology, Silchar. However, keeping in tune with old memories, we have decided to call this special collection of aluminis as **THE REXIAN ALUMINUS**.

sunrise at the NITS campus

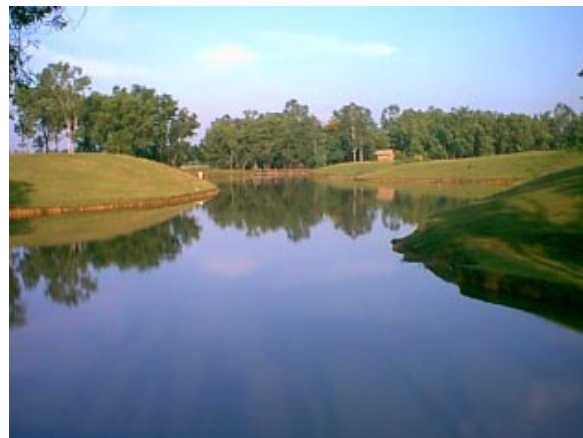

REC Silchar was established as the 15th REC of India in 1967. The college started functioning in 1967 from a camp office in Shillong with Dr. S. K. Baruah as the Principal. The 540 acres of our campus was acquired from the Bhorakhai Tea Estate. To facilitate construction of the college, the camp office was shifted to Silchar Polytechnic.

The New College Bus

obiettivo

Photography Club of NIT Silchar

Training & Placement

The Training & Placement committee for the year 2003-2004 comprised of 4 student committee members - Sunil K. Muduli (Placement Coordinator), V.M. Narayanan, Asish G. Varghese and Jacob James. The Placement this year has been pretty good. About 50+ students were placed in the 2000-2004 batch in more than 10 companies. Let us try our best to improve the campussing of our college.

With the conversion of our college into a NIT and a Deemed University, the Students' Union now is known as the Students' Gymkhana. The General Secretary of Students' Gymkhana for the year 2003-2004 was Tamanna-E-Rassull. The Gymkhana comprises of a number of major and minor posts. The major posts include the Sports section and the Literary section. In addition there is also a General Secretary, Students' Welfare (Dhruba Jyoti Das) and General Secretary, Hostel Affairs (Sandeep Singh).

We now have two new college buses for the students, staff and faculty of the college. There is also a Multi-Gym set up in the co-operative building exclusively for the students. A Photography Club was started by the Photography Secretary, Jay Raj. The college has purchased a SLR and a Handy Cam. Some of the photographs in this eBook were taken using the HandyCam.

In addition Night Cricket tournament was organised by the Cricket Secretary, Pradeep R. There was also a Night Basketball tournament organised by the Basketball Secretary, Sunil K. Muduli. An Annual Athletic meet was also organised by the Athletic Secretary, Vinit K. Nadda. Indoor Games competition and the Football competitions were also organised by the respective Secretaries. The overall Sports events were coordinated by the Sports General Secretary, Chumchamo Kithan.

The Literary Committee had brought out a Wall Magazine 'NITTY GRITTY'. They are also involved with the publication of the Annual College Magazine.

BRAINSTORM

Held on 27, 28, 29 February 2004

The First Technical Festival of NIT Silchar

TOOK THE COLLEGE BY

STORM

Brainstorm- The first technical festival of our college was inaugurated by Dr. A.A.S.H. Barbuiya (Dean P&D). The 3 day event got off to a colourful start. The Chairman of the Brainstorm Committee was Prof. Rajat Gupta (Dean Students' Affairs) and Convener was Tamanna-E-Rassull (General Secretary, Students' Gymkhana).

The three day events included Morpheus (open software contest), Wired (hardware contest), Brain Tumor (creative ideas contest), Grey Matter (technical paper presentation), Mastermind (quiz contest), Kriti (design contest), Workshops, Guest Lecture by Dr. Ratnajit Bhattacharjee (Asstt. Prof., IIT Guwahati who is also an alumni of our college), Night Movie Shows and Food Fest.

Prof. Gautam Barua, Director NIT Silchar, was the Chief Guest at the closing ceremony and gave away the prizes to the winners.

Cultural Nite of First Convocation

Held on 16 February 2004

Stage set for First Convocation

Fashion Show

The First Convocation of NIT Silchar was held on 16th February, 2004. It was a historic moment in the history of NIT Silchar as it was the first time the college was awarding its own degree using its Deemed University status. The degrees were conferred by Prof. Gautam Barua, Director, NIT Silchar. D. Jagdish Mohan of Mechanical Engg. won the Institute Gold Medal for being the All-Branch top-per for the 1999-2003 batch.

The glittering Cultural Nite

A glittering Cultural Nite was organised on the occasion. Our institute had won the First prize at Alchiranga (the IIT Guwahati Cultural Festival) and some of the select events were showcased during the Cultural Nite. One of the most sought-after event was the Fashion Show which added special charm to the Cultural Nite.

what has changed????

Well... a lot of things have changed....

We have now become a national institute totally under the control of the central government

We are now a deemed university and frame syllabus and award degrees ourselves

We now have an all india test called AIEEE for admitting students

The marking system is dying out... being replaced by the CGPA (Grading) system

A massive renovation of the entire college is in progress

The college facilities are being upgraded

We plan to start post graduate programmes from this year onwards

And lots more.....

and what has NOT changed????

Well... It is the spirit of being a Rexian or Nitian...

We still have the same masti that you had

Do the same things that you did

Study the same way that you did

And Hope to survive in this world the same way as you do

After all, we are all of the same BRAND !!!!

**Let us keep up the Spirit of
NIT(REC) Silchar...**
