

SALUKIS OF AUSTRALIA AND NEW ZEALAND

December 1996
Supplement Number 3

Sample Pages

SALUKI CLUB OF VICTORIA INC.

INTRODUCTION

This is the third supplement to the book “ Salukis of Australia and New Zealand”, which was originally published by The Saluki Club of Victoria Inc. in 1982. It has been necessary to publish this work under a separate cover due to the volume of pages already published in the first book, and the two supplements which followed.

I am indebted to those people who so generously have lent photos and encouragement over many years. I had never planned to compile another supplement.

Two people deserve special mention. Firstly Anne Green who so laboriously typed up all the pedigrees, and Andrew Watt, whose computer and photographic expertise have been so invaluable with this publication.

Where there have been discrepancies in pedigrees, the “Official” pedigrees have been used. To help with future supplements, official pedigrees **MUST** accompany photos. If you are aware of any mistakes please notify us with a copy of the official pedigree, so that it may be corrected.
