Ahora tenemos la entrevista realizada a Decapitated:

Que significado tiene AIWAISS y por que escogiste este nombre ?

AIWAISS es una representación del poder, de tu yo malo, es el ángel demonio de la guarda que llevo conmigo por siempre, también lo era de Aleister Crowley, Atila, Budenager (satanista antiguo medieval) y otros mas. En comienda tu alma y siente el poder brutal en tu ser. Yo no escogí este nombre, me lo fue dado junto a su gloria, como un mandato del amo eterno para elevar su eternidad.

Actual line-up

Bien, ahora y siempre solo yo (Decapitated), el poder solo me fue entregado a mi, y el resto a ver que pasa. En la sesión de estudio actúo también Jorge "El necromancer" en el teclado, él es un gran maestro.
