

Demonstration Protest in Athens against illegal animal poisoning!

PRESS RELEASE

Following too many protests against hundreds-thousands of murders of stray animals and birds by poisoning throughout the country, received by AnimalWelfare Groups, we mention here the latest tragic records:

Xanthi: 25 animals
Orestiada: 50 animals
Alexandroupoli: 50 animals
Saronis: 70 animals
Kallithea: almost all
Panormou Street- METRO: all pigeons and cats
Polygyros, Chalkidiki: yet unknown numbe
Korfos, Korinth: all the animals, bodies disappeared

WE ORGANIZE, ON SUNDAY, 6th OF JUNE, AT 12:00, A PANHELLENIC DEMONSTRATION PROTEST, in front of the Monument of the Unknown Soldier (Greek Parliament), in order to stop this inhuman and criminal way of acting.

We call all animal lovers and every civilized and sensitive person to particiapate to this CRY OF PROTEST, in order to save what is left, in this "slaughter" of innocent God's creatures.

27.05.04, all 43 Animal Welfare Groups of Greece.
