ABOUT US

Team-PeopleWare is an accounting systems and software solutions specialist providing a "**total solution**" concept.

The total solution concept distinguishes TPW from many other accounting

systems providers available today. We provide a bundle of value added

services to emerging businesses at an affordable pricing. The total solution concept includes:

- Upfront system and accounting needs evaluation and recommendation that will best suit the business needs of our clients within established budget guidelines.
- Development of effective system conversion plans, if needed, to minimize business delays.
- Installation and training of staff personnel on new accounting software.
- Accounting and operating procedures support designed to optimize business and financial reporting.
- Ongoing maintenance and support, if desired, to support business growth.

OUR CONSULTANTS

Having certified consultants is a symbol of experience, competence and trustworthiness in the profession. Our certified professional consultants meet specific requirements of character, education and ethics and can easily maintain the high standards performance required.

We guarantee all clients that our consultants:

- are qualified to perform any assignment which they accept.
- do not seek a client engagement if a conflict of interest is known to exist.
- accept only those assignments which have the potential of providing a genuine benefit to the client.
- have a basic writing with clients in order to set forth the scope of the consulting engagement.
- are truthful and forthright with clients and will serve said clients with honesty while maintaining an attitude of objectivity.
- respect all information relating to clients as confidential and will not disclose said information at any time without the specific consent of the client.

AT FEES YOU CAN AFFORD

We can often save you more than the cost of our service alone. So why not call today?
