Testimonial – Leong Sheu Hau

Leong Sheu Hau served his industrial attachment with the Defence Medical Research Institute (DMRI) of the Defence Science and Technology Agency (DSTA) from 6 January 2003 to 21 June 2003.

Sheu Hau is reliable and capable. He has a positive attitude towards work and strong technical abilities. He perseveres to accomplish his goals – showing motivation, discipline and a keen sense of commitment - to achieve the best.

He is a well-liked person and a good team-player – he goes out of his way to help others. He articulates his views with confidence and has played an active role in the DMRI Review & Update Meeting. He has certainly made a significant contribution in the IA project and managed to clinch a Bronze Award in the Best IA Project Competition, in DSTA; and that is commendable.

Sheu Hau's conduct is outstanding and he has 'potential' - he would certainly be an asset to any organization that he works for.

Yours truly,

A/Prof Naresh Kumar
Research Director
Human Effectiveness Laboratory
