

1 Q Let me ask you -- maybe this document will help you.

2 A Yes, sir. May 17th, 1991 is when I read the lens.

3 MR. CARLSON: That's all we have, Your  
4 Honor.

5 MR. CORGAN: Nothing further.

6 THE COURT: Thank you very much, doctor.

7 Next witness.

8 MR. CARLSON: Your Honor, we'd call Daniel  
9 Dooley.

10 -----

11

DANIEL NORRIS DOOLEY

12 having been first duly sworn to tell the truth, the whole  
13 truth, and nothing but the truth, testified as follows:

14

DIRECT EXAMINATION

15

BY MR. CARLSON:

16

Q State your name for me please.

17

A Daniel Norris Dooley.

18

Q And would you tell me what your business, profession  
19 or occupation is?

20

A I'm investigator for the Chief Medical Examiner's  
21 Office.

22

Q And where do you work?

23

A Tulsa, Oklahoma.

24

Q And were you working there on June the 12th of 1990?

25

A Yes, sir.

1 Q Did you have occasion to be involved or be present at  
2 an autopsy of one Sandra Allen?

3 A Yes, sir, I was.

4 Q Let me hand you what has been marked as Defendant's  
5 Exhibit 27, and ask you if you can recognize that for us  
6 please?

7 A Yes, sir. It's an evidence sheet from the Chief  
8 Medical Examiner's office.

9 Q I'm sorry. I'm having a little trouble hearing you.

10 A That's all right. It's an evidence sheet form,  
11 CME-7, from the Chief Medical Examiner's office.

12 Q And on that particular sheet we list the evidence, is  
13 that correct?

14 A That's correct.

15 Q And is that in your handwriting?

16 A Yes, sir, it is.

17 Q Was there a contact lens that was located on Sandra  
18 Allen?

19 A The pathologist handed me a contact in the collection  
20 of evidence from the body, yes.

21 Q All right. And there was no contact lens in her  
22 eyes?

23 A Not that I'm aware of, no, sir.

24 Q You noted this particular contact lens on your  
25 evidence sheet that was handed to you?

1 A Yes, sir, I did.

2 Q That's one of the first things that you do in regard  
3 to an autopsy, is that correct, is note the items?

4 A Yes, sir. The collection of evidence is documented  
5 on a form and packaged appropriately.

6 MR. CARLSON: Your Honor, we would move  
7 admission of Defendant's Exhibit 27.

8 MR. CORGAN: No objection.

9 THE COURT: Defendant 27 allowed.

10 Q (By Mr. Carlson) Mr. Dooley, if any other lenses had  
11 come along with the body from somewhere other than at the  
12 autopsy, that would have been noted, would it not?

13 A Yes, sir, it would have.

14 Q And that was not noted on Defendant's 27?

15 A No, sir.

16 Q By the same taken, if there had be any glasses sent  
17 along, it would have been noted, is that correct?

18 A That's correct.

19 MR. CARLSON: That's all we have, Your  
20 Honor.

21 -----

22 CROSS-EXAMINATION

23 BY MR. CORGAN:

24 Q Mr. Dooley, I'll hand you again what's been marked  
25 Defendant's 27. I believe you told us on direct

1 examination that the pathologist handed you the lens?

2 A That's correct, sir.

3 Q Did you see where he got that lens from?

4 A No, sir, I don't recall.

5 Q All you know is that he's doing the autopsy of Sandra  
6 Allen and then he gives you a contact lens?

7 A Yes, sir. I work under his direction.

8 Q Pardon?

9 A I work under his direction.

10 Q Now, I notice on Defendant's Exhibit 27, I believe  
11 towards the bottom of that on the right-hand side, there's  
12 a notation that says "personal items", is that correct?

13 A That's correct.

14 Q Would you read me the items listed under that list of  
15 personal items?

16 A Yes, sir. There's three rings, one with clear stone;  
17 two earrings; one contact lens, broken.

18 Q Now, is that the contact lens we're referring to?

19 A Yes, sir, it is.

20 Q Now, those rings, where did they come from?

21 A Without looking at the other report I couldn't say.

22 Q Would you agree with me that they came off the person  
23 of the deceased?

24 A That's correct.

25 MR. CORGAN: I believe that's all.

---

REDIRECT EXAMINATION

1  
2  
3 BY MR. CARLSON:

4 Q Mr. Dooley, you don't know whether that lens was  
5 broken or whether it looked broken, do you?

6 A At the time, the way I observed it, it appeared to be  
7 broken.

8 Q Okay. And by that you mean it appeared not to be a  
9 complete cervical --

10 MR. CORGAN: I'm going to object to the

11 leading nature.

12 THE COURT: Overruled. Go ahead.

13 A Yes, sir.

14 Q (By Mr. Carlson) And if a portion of that lens, if  
15 it was cervical, had been folded over, it would appear not  
16 to be a complete cervical, would it not?

17 A That would be possible, yes, sir.

18 MR. CARLSON: That's all we have, Judge.

19 MR. CORGAN: Nothing.

20 THE COURT: Thank you, Mr. Dooley. Next

21 witness.

22 MR. CARLSON: We'd call Dr. A.E. Reynolds.
