The Strategic Recruiter's E-Learning Toolkit consists of 750 dynamic PowerPoint slides of comprehensive tools, team and individual strategic partner assessments, and training content for ongoing development.

Designed in a convenient and user-friendly CD format that can be mass distributed, these interactive tools help your recruiter's improve their daily strategic relationships and performance-in record time!

The Topics:

The toolkit provides practical, competency-based training tools on the full range of strategic recruitment critical skills and competency topics, including:

- ☐ *Communication
- ☐ *Teamwork
- ☐ *Strategic Partnering
- ☐ *Strategic Planning
- ☐ *Change Management
- ☐ *And Many More!

The Value Proposition:

Provides the recruiter with practical competency-based tools, techniques and training content to master their job, strategic partner relationships and career growth potential - in record time!

The Delivery:

The toolkit works just like a web site. Navigation bar lets you click on any item you wish in seven major competency based training sections, or move quickly to any other part of the training tool. The toolkit is delivered to you via CD-ROM so that it can be conveniently hosted on your intranet. Each tool is interactive, fully automated, and user-friendly, allowing your recruiters to print information or save it for future use.
