Santo Domingo, Republica Dominicana

Dear Mr Ranklin Reynoso

I am writing to you to request a permit to collect scorpions in the Dominican Republic. This collecting trip is necessary to gain specimens the unique scorpions and other arachnids of the Dominican Republic for research that I am doing on the classification and evolution of scorpions. I have already submitted the application forms, through Mr. Kelvin Guerrero, but neglected to include this cover letter requesting the permit. I understand that permits usually take 45 days to prepare, however as our trip is planned before that time, I would be extremely grateful if this permit could be you could prepared in time for our planned collecting visit.

Yours sincerely

KAG
