JOEL

Employment History:

March 2002 – May 2004:

Wal-Mart
702 West Loop 289
Lubbock, TX 79416
(806) 793-9686

Sales Associate: In my time at Wal-Mart I have worked in both the service deli as the night lead, and in the dairy department. Both positions involved heavy customer service and inventory management.

February 2002– July 2002:

Hearst-Argyle Television
(KHOG TV Channel 29)
15 North Church Street
Fayetteville AR 72701
(479) 521-1010

Morning Audio Technician: I ran the audio for the morning news program at this ABC affiliate. I was responsible for the quality presentation of all auditory programming during the show, including both live and prerecorded material from local and remote locations.

August 2001 – December 2001:

ClientLogic
420 Pilot Road
Las Vegas NV 89119
(702) 269-3650

Technical Support Technician: This was a call center technical support environment where I worked supporting Earthlink dial-up access. I also had the opportunity to support Dell, Micron, and LogiTech.

April 2000 – August 2001:

J & J Photographic Arts
649 Del Prado
Boulder City NV 89005
(702) 293-6443

Owner/WebMaster: I was co-owner and webmaster for this graphic design and photography studio. Responsibilities included construction and maintenance of the company web site, designing all advertising, and other general artistic, technical and managerial duties as needed.

August 1999- April 2000:

MicroAge Teleservices
7120 Amigo Street
Las Vegas NV 89118
(702) 319-2950

First Level Technician: I worked in a help desk environment supporting a variety of software and hardware on multiple platforms.

December 1998 – June 1999:

Sinclair Broadcasting
4335 Northwest Loop 410
San Antonio TX 78247
(210) 366-1129

Master Control Operator: I was responsible for the quality integration of all on-air programming, recording programming via satellite, and converting advertising between media formats.

June 1997-February 1998:

McAlister Television Enterprises
1201 84th Street
Lubbock TX 79423
(806) 745-2828

Master Control Operator: I was responsible here also for the quality integration of all on-air programming, and also performed routine maintenance on equipment including PCs, and video and audio recording equipment.

September 1996 – November 1996:

Rusty's Weigh
408 North I-27
Lubbock TX 79403
(806) 747-2912

Welder/Layout: I worked on the layout, fabrication, and installation of industrial weighing systems. (Highway truck scales, grain scales, etc.)

Education:

South Plains College
1401 College Avenue
Levelland TX 79336

Major: Sound Technology: Courses included electronics troubleshooting, and audio and video production techniques. Honors include the Marvin L. Perry Memorial Scholarship, and a 3.89 GPA.
