

My name is Badescu Manuela Delia. I live in Baia Mare, Romania and I have a daughter, Stefania, who is a 19 year old, 1st year student at Med School. After a detailed medical checkup; Stefania was diagnosed with neurinoma acoustic, located on the right (pontocerebelous) angle, so it is a third degree benign tumour that is already very big 31/25/30 mm. This indicates the necessity of immediate surgery. The tumour is growing and slowly presses the cranial nerves causing several symptoms such as damaging the hearing, facial paresis, terrible headaches, balanced (equilibrium) problems and double eye sight. For now Stefania's hearing was damaged only on the right ear in proportion of 30 to 40%.

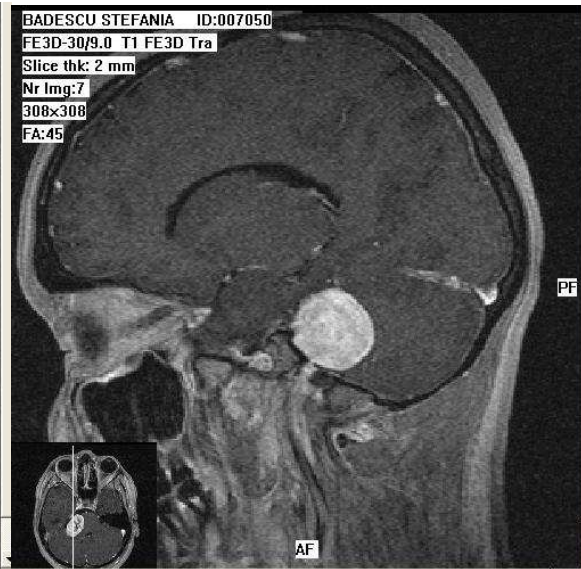

The surgery is a very difficult one and can only be proceeded in a clinic in which there are interoperative monitoring systems of cranial nerves, a device that does not exist in Romania. Here, for this type of disease the surgeries have a 50:50 chance of success. Because of the risk of surgery in Romania is so high we started to look for a clinic abroad that could offer us a bigger chance of success and so we found one. The biggest chance that my little girl can continue smiling is offered by clinic in Hanovra (Germany), the neurosurgery clinic of the renowned neurologist Dr .h.c. M Samii of the International Neuroscience Institute, but the cost of the operation and of the medical care is 35.000 Euro, as the clinic itself confirmed us.

At this time I do not have this amount of money and I honestly do not think I can raise this amount in such a short period of time and we cannot benefit of the E 112 form of the National House of Health in Romania as we could proceed the surgery here, even though the chances of success are so low.

For those you think they might help us with donations, not matter how small, or could pass this information further to societies that have the possibility to support us we have posted up the following accounts:

- RO20RNCB0182034193780002 – in euro
 - RO47RNCB0182034193780001 – in lei
- Opened at BCR bank, Baia Mare branch of the bank

We thank you for the support and understanding given

INI INTERNATIONAL NEUROSCIENCE INSTITUTE

Mrs Stefania Badescu

To Mrs Tancu

Via email

Hannover, March 28th , 2008

Dear Mrs. Badescu,

Prof. Samii has recommended that you receive clinical treatment in the International Neuroscience Institute.

As the date for hospital admission we have reserved

Wednesday, April 16th , 2008 10.00 am.

The total costs for your hospital stay (app. 2-3 weeks), surgery and necessary medical examinations will amount to approximately

€ 35,000,-.

This amount must be deposited in our bank account prior to admission or covered by a cost letter from the embassy.

You may arrange for a transfer of the deposit to:

Account Holder:	INI Hannover GmbH
Bank:	Sparkasse Hannover
Account Number:	85 81 88
Bank Code:	250 501 80
SWIFT-Code:	SPKHDE2H
IBAN :	DE04 2505 0180 0000 8581 88
Patientname :

To avoid any problems we would kindly ask you to bring proof of payment with you on the day of admission.

Please note that we have to charge you the banking fees if you pay the deposit by credit card.

If there is any remaining amount of your deposit this would, of course, be refunded to you after hospital discharge. For this purpose and further correspondence, please give us your exact mailing address and your banking details.

For Iranian Patients only:

At the present time, there are some problems, within the EU Directive 423, to refund money from the EU countries to Iran. Because of this, we kindly ask you, to send prior to admission an European bank account, to simplify the procedure.

Please note that accompanying persons can only be accommodated in the patients' rooms, if it is medically necessary.

The costs for accompanying persons (room and board) are not covered by the deposit and must be paid by the accompanying person(s) themselves at the time of arrival. All accommodation costs for accompanying persons must be paid for at the time of departure. Payment can be effected in cash or by credit card. In order to guarantee a smooth transaction of the payment please inform your bank in order to be able to exceed your daily credit limit.

Please let me also know which kind of room you would prefer (single-room, 2-bed room or 3-bed-room). The check out time on your discharge day is latest 10:00 a.m.

Please confirm us a date of admission as soon as possible.

Important: In case you take analgesics, do not take acetylsalicylic acid (Aspirin) 10 days before admission! Avoid anticoagulant medication!

We can organize a limousine service on request for you.

Also in case you have any questions please do not hesitate to contact me by phone 0049-511-27092-157, fax -154 or e-mail (pm.international@ini-hannover.de).

With best regards,

Beate Müller
