Internet Workshop

Around 14 members from PJ church attended the internet workshop which was held at Cheras church on the 30th of January.

Participant were given a brief introduction on internet technologies and how to utilize it to our advantage (for example: effective methods of using the search engines online). Members were also taught on the internet security issues and how to minimize the risks while online.

In the afternoon, there were lectures on how to design and implement a website. Later, members were divided into groups to design and create a website to present to everyone. Lastly, everyone was briefed

on the importance of the internet ministry and current goals of the True Jesus Church internet ministry. All the participants were recruited to join in the work of the internet ministry. - *By Bro Meng Hui*

Testimony

Hallelujah in Jesus' name I bear testimony. This incident happened to my mother in 1995 when my parents were on their way back from Johor Bahru after attending Spiritual Meeting in Singapore.

While traveling on the bus, my mother was sitting beside the window and she fell asleep with her head lying against the glass window. Suddenly, she was awoken by a 'pop' sound and she got the shock of her life when she saw minute glasses all over herself and found out that there was a small hole and crack lines on the window beside her. She also found out that her hair was covered with minute glasses and some even were lodged on her scalp. My mother woke my father up and told him the incident.

After a while, the bus driver stopped the bus beside the highway and my mother got down from the bus to slowly comb out the glasses to avoid her scalp from being cut. A passenger who was sitting beside my parents felt a sharp object flew over her cheek when the incident occurred and she had a cut on the face.

My mother examined the shattered window and gave thanks to our heavenly father for protecting her from the glasses that could actually harm her especially on her face. May all glory to be given unto our Heavenly Father. Amen. – *By Bro Jonathan Tan*

Youth Fellowship at Gombak

PJ youth visited Gombak youth on 22 January 2005 (Sat). A total of 48 youth participated in the fellowship, 26 from P.J and 22 from Gombak.

The event started with a short speech by Bro. Tchui (Gombak Youth Chairman) followed by Bro. Chun Wee and Bro. Meng Hui. Meanwhile, Sis Mei Hung lead the hymnal session with the hymn, "In Moment like These" to worship God.

The youths were divided into two groups for ice-breaking to enhance relationship. Then the Gombak choir presented a hymn, "Searching", and P.J youths cheered for them.

Meanwhile the P.J youths presented a hymn, "Against the Tide", with combination of interesting actions.

The Gombak youths were impressed by the P.J choir presentation, especially with those interesting actions. A few Gombak

youths were invited to join the singing and actions. It was an exciting experience for everyone!

Besides, there was a piano presentation by Bro. Xin Yi, with the hymn "Let Praise Arise". It was a beautiful melody and the hymn touched our souls. Then there was a drama session whereby the four group members acted in the session. Each group performed well with their own creativity. It was the funniest moment and everyone laughed hysterically. The fellowship ended with a prayer. The youths were then served with delicious dinner. – *By Sis Shen Shiang*
