

**Minutes of meeting of Umma wa Wapanda Baisikeli Dar es Salaam  
1<sup>st</sup> July 2006**

**Attendance**

Athman Kaya  
Elaine Baker  
Juma Ali Jongo  
Shukuru Hassan

A report was given on the meeting between TANROADS and UWABA of 24<sup>th</sup> May. More than 10 UWABA members attended and more than 5 TANROADS Dar es Salaam region representatives were there. A presentation was given by Mejah with the assistance of other members which included powerpoint and photographs projected on the wall.

After the meeting, Elaine wrote a follow-up letter to TANROADS requesting some additional information they had promised including lists of roads which are under their responsibility and schedules of public consultations.

Elaine also wrote letters to the three districts of Ilala, Kinondoni and Temeke and they were delivered by Juma. These letters request lists of councilors and also if UWABA can meet with council representatives. So far, Temeke has replied with a list of councilors.

Elaine prepared UWABA membership ID cards using the logo designed by Meja. They use digital photos printed on a colour printer. Any member who wants an ID card should meet with Elaine or Meja to get a digital photo taken first. Juma and Elaine's ID cards are ready.

Juma reported that CHABADA (Chama cha Baisikeli Dar es Salaam) – the competitive cycling organization, are holding a competition on the 7<sup>th</sup> July. They are also meeting every Monday for practice.

Juma also reported that Upendo Disabled Sports Club have invited UWABA representatives to a meeting on the 2<sup>nd</sup> July.

Elaine reported progress on the website and requested feedback from those who can access the internet. Othman agreed to review the site and make suggestions.

It was agreed that we should be prepared for meetings with the municipal councils by surveying the smaller roads under their responsibility. It was agreed that we would do this by doing group cycles. The first group cycle will be for Temeke. We will meet at the national stadium at 8am on Saturday 8<sup>th</sup> or Saturday 15<sup>th</sup> depending on availability of a digital camera. Juma said he would follow up with TANROADS on the list of roads under their responsibility so that we focus on the other roads which are under municipal council responsibility. Elaine agreed to contact the UWABA members who live in Temeke to encourage them to take part.
