The meeting focused on preparing the presentation for the meeting with TANROADS Dar es Salaam on 24th May.

Elaine had drafted a presentation according to the format agreed at the previous meeting. Elaine and Mejah had taken photographs of various roads and cycle conditions. Sosthenes had done surveys of Kilwa Road, Nelson Mandela Road and Old and New Bagamoyo Road. The points from all the surveys done so far were merged and the photographs were grouped and numbered.

Elaine got permission to use a projector from University Computing Centre.

It was agreed that Mejah should do the presentation but he may call on others to elaborate on certain sections.
