Registration

An update was given by Elaine Baker on registration procedures. The Vice President's Office (the NGO registration section is now taken over by Ministry of Community, Gender and Children) have approved our application but we still need a letter from the Dar es Salaam Region. The Vice President's Office will give us an introductory letter to bring to the Regional office. It was agreed that Juma Jongo will collect this letter on Monday, Elaine will prepare the other documents and they will meet at the Regional office in Ilala Boma.

Activities

The press releases are ready but it was agreed to wait for registration before issuing them.

Copies of flyers which say "every Saturday" instead of a particular date were distributed by Elaine. It was agreed that members should photocopy their master copy, but the copies in four and distribute.
