

EPA SECTION 608 - CFC TRAINING AND CERTIFICATION EXAM

Johnstone Supply of Philadelphia, in association with Esco Institute, shall be conducting a one-day classroom program and EPA 608 CFC certification test for HVACR mechanics.

At least one form of EPA certification is required to purchase and use CFC & HCFC refrigerants.

Tests consist of four sections: Core and three (certification) types:

- Type I Certification is required of all persons who maintain, service, repair or dispose of small high pressure appliances containing 5 lbs. of refrigerant or less.
- Type II Certification is required of all persons who maintain, service, repair or dispose of high-pressure appliances containing *greater than* 5 lbs. of refrigerant.
- Type III Certification is required of all persons who maintain, service, repair or dispose of low pressure equipment
- Universal - certification is awarded to those individuals who pass the core exam and Types I, II & III.

Individuals must pass Core, and at least 1 additional section to obtain any form of certification.

Minimum passing grade:70% (18 correct of 25, per section for which certification is desired).
