

Steaks/Roasts

Supplies:

Fimo Transparent
Fimo Terracotta
Fimo White
Single Edge Razor

Foundation Mix - is 3/4 transparent to 1/4 white, blend well

Instructions:

Use 2 parts of Foundation color mix mixed with 1 part terracotta and 1 part red. Make a cane then split it down the middle or off to a side add a thin strip of foundation mix to the inside for fat and then one on the outter edge. Add grain to your meat by creating diagonal lines using your single edge razor or exacto until you have a criss-cross pattern.

To make a roast from the same mix, create a tube of the terracotta meat mix and add a line of foundation mix through the center. Roll out more of the foundation mix paper-thin and tear it (for a rough edge) and apply to the exterior of your roast.
