

Have a cup of coffee and learn about the latest ideas and issues in science and technology in a casual setting. **It's not a lecture!**

It's a place for group discussion and any and all questions are welcome!

Science Cafe

Sept. 22 - Sept. 30, 2006

Borders and Starbucks in the Chicagoland area

Topics: stem cell research, art restoration, HIV, what the universe is made of, and much more!!

Go to www.awis-chicago.org to see if a Science Cafe is coming to a Borders or Starbucks near you!

Part of "**Chicago Science Expedition**" (chicagoscienceexpedition.org), featuring AWIS speakers, in cooperation with University of Chicago.
