“For Franco to be defeated,  
first Companys and Caballero  
had to be defeated. For  
fascism to be wiped out, first  
the bourgeoisie and its Stalinist  
and socialist allies had to be  
crushed. The capitalist State  
had to be destroyed from top  
to bottom, and workers’  
power based on rank-and-file  
committees be installed (...)  
Antifascist unity has just been  
submission to the  
bourgeoisie.”
