

**Annual Call to Conclave**  
**Elkhart Lake Racing & Sipping Society**  
**2009**

With the fabled **Ken-Ev Campground**, our Road America "home" for some 13 summers, now a mere fading memory, it falls to the Society to embrace for our third successive tenure **Rhine Plymouth Field & Stream Sportsman's Club** as our seat of operations for the 2009 Road America July racing season. We can only hope that the facility remains viable and receptive to guests as certain members of the Society's southeastern Wisconsin chapters failed to fulfill their initial exploratory and reconnaissance duties this past May 17th (on the occasion of the SVRA Spring Vintage Weekend) to ascertain if such is so.

By way of a chapter update, we are announcing herewith the imminent dissolution of the Society's California Chapter (Lancaster Subchapter) to be superseded by the formation of a new Illinois Chapter (Grayslake Subchapter). Yes, Lt. Col. Addison P. Tower, USAF, shall be vacating his position with the USAF Test Pilot School at Edwards AFB, California to assume the position of ROTC commandant at Illinois Institute of Technology, in urban Chicago, Illinois. There is some question as to his ability to join the membership at this year's conclave as July promises to be a busy month of site transference for the Tower clan.

While your founder ponders with anxious anticipation the tomfoolery and camaraderie to be savored amongst the membership this upcoming racing season, he fairly squirms in expectation of the gustatory delights to be embraced with breakfasts at Plymouth Family Restaurant, brats and burgers at the track and, oh, heavenly delight! dinners at

**Schwarz's Supper Club,**  
in St. Anna.

**BE IT KNOWN, THEREFORE,** that the 49th ANNUAL ENCAMPMENT of the  
**Elkhart Lake Racing & Sipping Society**

shall convene at its namesake village on Friday the 17th day of July 2009, or perhaps on Thursday the 16th, as the *truly* devoted members wend their respective ways to the seat of paradise and an early leg up on the ecstasy to ensue. We remain secure in the hope and conviction that **THE SACRED STANDARD** shall once again be borne forth by its Illinois Chapter (Park Ridge Subchapter) trustee, returned to its traditional turf and caused to be implanted therein whereupon to be regarded in due reverence by all in attendance.

And lastly, in accordance with established custom and tradition, whence the Conclave has run its course, each member present shall humbly and with due deliberation cause his mark to be placed upon the Standard so that it may continue to serve as an enduring monument to the basic tenets and fidelity of the Society. Therefore, the invitation is once more extended and the choice is yours. Lies will be told, gas will be passed, insults will be traded and any semblance of proper decorum or polite social discourse will be totally absent.

Verily aquiver in anticipation of still another wholesome camping and bonding experience, I remain . . .

**James T. Lenzke,**  
Founder, Primary Instigator,  
*parentus tritatum et maxiparentus in trius immentuous*  
*ad infinitum et quid pro quo in perpetuum* and Senior Consulting Chili Chef (ret.)
