

**::::::Enigma 3 ::::::Le Roi Est Mort, VIVE Le Roi!**

**Le Roi est Mort, Vive le Roi!:**

X Ray Delta 1, this is Mission Control. Roger you are one niner-three zero.

Things are changing  
But nothing changes  
And still there are changes  
Le roi est mort, vive le roi!

---

**Morphing Thru Time:**

Earth. A biosphere. A complex, subtly-balanced life support system.

... et turtur nidum, ubi reponat pullos suos. Altaria tua Domine virtutum, Rex meus, et Deus meus.

We are floating over the line  
Let us follow our mind  
All of our lives we'll wait for the answer  
And the question is: Why?

If we're following our minds  
We can glide into light  
No one knows if there'll be an answer  
While we're morphing thru time.

We are floating over the line  
Let us follow our mind  
All of our lives we'll wait for the answer  
And the question is: Why?

We're just travellers  
In endless space

If we're following our minds  
We can glide into light  
No one knows if there'll be an answer  
While we're morphing thru time.

---

**Third of its Kind:**

The first is the father  
The second is the mother  
And the third is the child.

---

**Beyond the Invisible:**

I look into the mirror  
See myself, I'm over me  
I need space for my desires  
Have to dive into my fantasies

I know as soon as I'll arrive  
Everything is possible ...  
Cause no one has to hide  
Beyond the invisible

Sajaja brammani totari ta, raitata raitata, radu ridu raitata, rota.

Close your eyes ...

Just feel and realize  
It is real and not a dream  
I'm in you and you're in me

It is time  
To break the chains of life  
If you follow you will see  
What's beyond reality

Ne irascaris Domine, ne ultra memineris iniquitatis; ecce civitas Sancti facta est deserta; Sion deserta facta est; Ierusalem desolata est; domus sanctificationis tuae et gloriae tuae.

Close your eyes ...  
Just feel and realize  
It is real and not a dream  
I'm in you and you're in me

It is time  
To break the chains of life  
If you follow you will see  
What's beyond reality

Close your eyes ...  
Just feel and realize  
It is real and not a dream  
I'm in you and you're in me

It is time  
To break the chains of life  
If you follow you will see  
What's beyond reality

---

**Why! ...:**

I was childish and unfair  
To you, my only friend  
I regret, but now it's too late

I can't show you anymore  
The things I've learned from you  
Cause life just took you away

And I'm asking why! ...  
And I'm asking why! ...  
Nobody gives an answer  
I'm just asking why

But someday we'll meet again  
And I'll ask you

And I'll ask you why! ...  
Why it has to be like this  
I'm asking you why  
Please give me an answer

Many years and stupid fights  
Till we accept to see  
How it was and it'll always be

Why it has to be like this  
Why we don't realize  
Quare obdormis, Domine?  
Why we're too blind to see the one  
Who's always on our side

And I'm asking why! ...  
And I'm asking why! ...  
Nobody gives an answer  
I'm just asking why

Just tell me why! ...  
Why it has to be like this  
That the good ones disappear  
I'm asking you why  
And I'm asking why! ...  
And I'm asking why! ...  
Nobody gives an answer  
I'm just asking why  
And I'm asking why! ...

---

**The Child in Us:**

prasanna vadanaaM saubhaagyadaaM bhaagyadaaM hastaabhyaaM abhayapradaaM  
maNigaNair-naanaavidhair-bhuushhitaM

Puer natus est nobis, et filius datus est nobis; cujus emperium super humerum ...

Ar khuvcheen unaga

Some day you came  
And I knew you were the one  
You were the rain, you were the sun  
But I needed both, cause I needed you

You were the one  
I was dreaming of all my life  
When it is dark you are my light  
But don't forget who's always our guide  
It is the child in us.

---

**T.N.T. for the Brain:**

Smell your skin  
Feel your breath  
You on my side  
I couldn't resist

I hope I'll understand some day  
What's the meaning of this crazy game?  
It is real and pure  
T.N.T. for the brain

If there's no pain  
Rules are still the same  
I'm with you, just lead me  
I'm ready to play

T.N.T. for the brain  
Don't be scared, and have no fear  
I will show you what it means

If there's no pain  
Rules are still the same  
I'm with you, just lead me  
I'm ready to play  
T.N.T. for the brain  
What you feel is insane  
It is love and not a game  
T.N.T. for the brain

---

**The Roundabout:**

Life is a wheel of changes  
But changes are life  
And someday we will have to say goodbye  
But our spirit will survive

Love is phasing, love is moving  
To the rhythm of your sight  
In the darkness I get closer  
To the crossing point of light

Reason is lasting, passion is living  
And dying is teaching us how to live.

---

**Prism of Life:**

I am hunted by the future  
Will the future be my past?  
Or is time a fade-out picture  
Of my everlasting cast?

Love is phasing, love is moving  
To the rhythm of your sight  
... I get closer  
To the crossing point of light.

Sanctus, Sanctus Dominus. Deus Sabaoth. Pleni sunt calie et terra gloria tua. Hosanna in  
excelsis. Benedictus ...

Let us try to live our lost illusions  
They're the sun at night  
If we don't, we'll never taste  
The spice of life

And when it seems that we're in a dead-end street  
There's no reason to cry  
Cause we have a helping hand who's always aside  
Forever light

---

**Odyssey of the Mind:**

(in reverse mode) Earth. A biosphere. A complex, subtly-balanced life support system.

(in reverse mode)  
Things are changing  
But nothing changes  
And still there are changes  
Le roi est mort, vive le roi!

There's no teacher  
Who can teach anything new  
He can just help us to remember  
The things we always knew.

(in reverse mode) X Ray Delta 1, this is Mission Control. Roger you are one niner-three zero.
