Dear Doctors and Medical Researchers:

RE: Erythema Nodosum Online Support Group and EN Resource Website

You are Cordially Invited to join our Erythema Nodosum Online Support Group. This group was founded in July 2003, and has helped thousands of members worldwide.

As a member, you will have access to our Members and Research for your questions and any Clinical Trials you may wish to conduct.

Between the Support Group and the EN Resource Website we created, you will find a wealth of information including:

- 1 Member Medical History Files
- 2 Insightful Member Postings
- 3 Cured Members Files
- 4 Treatments and Their Effectiveness
- 5 EN Related Disorders
- 6 Theories for future Research and Treatments
- 7 and Photos

We hope you will avail yourself of these resources and encourage your EN patients to visit our Group and Website for support and up-to-date information.

Please feel free to participate at any level that is comfortable for you. Thank you for your support and all that you do!

Yours in health,

Rebecca Strecker

Founder of Support Group and EN Website
