Concert Review Form

Professor Farrell Vernon
Summer Session I, 2003

You must attend 1 local jazz concert and 1 national jazz concert. You may find listings of local music in the newspaper or other local arts publications. It is up to you to find suitable concerts. If a national act is not scheduled to perform in your area before the deadline, then you may use a CD performance. Purchase an acceptable CD (consult the Gridley textbook for "A Small Basic CD Collection," pg. 1). Also, look at the footnotes/endnotes in each chapter as another resource for your CD purchase.

Fill out 1 form per concert attended and submit the required documentation.*
You may be allowed extra credit for attending an additional jazz concert, provided you fill out a Concert Review Form and submit the correct supporting materials.
