Reno, Nevada 89510

Dear Fred,

I apologize a thousand times for the delay in sending out this contract to you. The pressures of our year end fiscal audit have interfered with a number of pressing items.

I believe that the enclosed contract represents agreement on both sides and is favorable to the foundation and yourself. I would like you to go over it carefully and let me know of any problems that you see. If everything is okay on your end, please sign the original copy and return it to me. Be sure to sign your own xerox copy so that you have one as well.

I have seen two proposed covers with the proposed title "The physical principles of thermonuclear explosive devices. Both are quite appealing, yet I do not know which one we are ultimately going to go with.

Again, please accept my apologies for the delay in getting this out to you.

Sincerely,

Pat Levitt

Contract on file in office safe
