GRSites Logo Maker

Follow the instructions below to make your own star logo.

Step 1: Choose a background texture for the logo's text

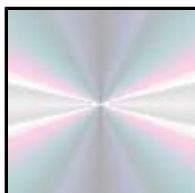

Background Texture Filename:

[How do I choose?](#)

TIP: You may also enter the full URL of a texture on another web site instead.

My Textures:

Optional:

To use a texture saved on your computer instead, enter it here:

Text:

TIP: To split the text into several lines, type **ln** to insert a line break. E.g. Guest**ln**Book

Text Size:

TRAINING CERTIFICATES

Step 3: Choose the location and color of the star

 Star location: ☒ Left ☐ Center ☐ Right

Step 1:

Choose a general color

Step 2:

Choose a specific one

Selected color: (HEX code)

My Colors:

Step 4: Choose a background color (Optional) Default = Black

Step 1:

Choose a general color

Step 2:

Choose a specific one

Selected color: (HEX code)

My Colors:

Step 5: Choose a font
