Dear Ms. Buechele:

As I indicated to you in my most recent e-mail of February 23, 2005, there are other pertinent county issues that require our attention. As of today, the County Executive announced the appointment of four senior positions including Commissioner of Finance, County Attorney, Director of Human Services and Assistant to the County Executive. We have worked relentlessly over the past few weeks to insure that these critical areas were stable and that these positions were filled. We now expect to turn our attention to other priorities including the position of County Historian.

Thank you again for your inquiry.

Sincerely,

Nancy E. Giordano
Assistant to the County Executive
