

GROW

It's our signature move and our secret weapon: state of the art grow advice for everyone from beginners to experts.

Cultivation features are considered by some to be the more controversial content in the magazine... but hey! Controversy gets attention these days and that's what you're looking for as an advertiser. Combine that with the fact that *High Times* is the only internationally circulated magazine providing this kind of content and you've got yourself one sticky place to put your ad dollars and a lockdown on the grow community.

Every month, *High Times* Cultivation Experts bring readers:

- ✦ Trusted, solid advice for home cultivation
- ✦ Reviews of gardening products, grow tables and suppliers
- ✦ Annual Seed Report, Hydro Report and Harvest Report keep readers up on the state of the grow nation
- ✦ Annual Stash Awards root out the year's best products in cannabis horticulture
- ✦ Grow America, *High Times* monthly expose on the latest in cultivation technology and the grow community

- ✦ Cultivation tips for everyone from beginners to experts
- ✦ A forum for the grow community to learn from each other and share their own garden experiences in photos and print
- ✦ Features on the world's best and most successful gardens
