

Night stories

1.

Here time does not pass  
It lazes slowly  
Like a deceased creature!

2.

The night is long  
The radio plays song  
About human and love  
Lost and found, new and old.

If ever tasted once,  
The sweetness of love  
Can never be forgotten  
I bear it in my heart.

3.

It's midnight  
Violin by my side  
In harmony of notes  
Wordless, soulful.
