From Your Chapter Director

June, So Soon

I get a lot of email from other chapters containing their newsletters. And this month each of them lament the same thing – they can't believe we are at the end of June already. I must agree with each of them, June has come and gone so soon!

We started the month on a sad note as we attended the memorial service for John Cooper of Chapter G. Events such as this proves we are a family. And as a family we come together for good times and bad.

We also attended Chapter R's Care Bear ride. I had to show up in my car thanks to a dead battery on the bike. So I fell in line last behind all the bikes. We had a police escort through town so we got to run all the red lights. The first officer that blocked for our exit from the departure point then fell in behind me. He had his blue lights flashing but I knew we all were doing what we were suppose to do. But, I kept looking in the rear view mirror and seeing a police car with lights flashing, well, it was a little un-nerving. I guess I have a guilty conscience!

Our Care Bear ride was on the 21st. I want to thank all the chapters that came to participate. We had a total of 41 bikes with loads of stuffed animals. Afterwards Chapter A2 went to Bill and Deidre's lake house for a cookout. We all enjoyed the boat rides and jet skis. Gerry, Tim, Steve and myself are ready to go shopping for one for ourselves!

Folks have asked me about the story I wrote about last month about my brothers and me taking Mom out for Mother's Day and we all forgetting about Mom. Well, that story is true. But we redeemed ourselves. On June 9th was Mom's birthday. We decided to take her out the night before for dinner. We made real sure one of us had Mom taken care of this time.

Randy D.

Chapter A2 meets the 1st Tuesday of each month at Capt'n Stevens Seafood Restaurant on Hwy. 150 & Friendship Church Rd. in Lexington. We Eat at 6:30 Meet at 7:30

From Your Assistant Chapter Director

ACD – July 08 Article

This is the fifth in my series of interviews to get to know our Chapter staff members. So far, I have interviewed our Chapter Couple, our Chapter Educator, our Chapter Treasurer, and our Chapter Special Events Coordinator (SEC). This month I interviewed Debbie Everhart, our Sunshine Lady, and here were her replies to my six questions.

Q 1 & 2. – How long have you been a GWRRA/Chapter NC-A2 member?

A 1 & 2. – Since 2002 for both.

Q3. Why do you stay in NC-A2 and the GWRRA?

A3. Mostly, because of the people she's met.

Q4. Why did you accept the position as Chapter Sunshine Lady?

A4. Because she is a card freak (greeting cards) and loves to send cards them up. Steve and Robin originally asked her, and she accepted. When he asked her if she would stay and she said yes.

to people to cheer
Randy took over,

Q5. What do you see as being the responsibilities of your position as the Sunshine Lady?

A5. Her responsibilities are to send cards – birthday, anniversary, get well, lost loved ones, we're thinking of you – on behalf of the chapter when it is appropriate. These cards are for chapter members and other members of our GWRRA family who are close to our chapter members.

Q6. What is your favorite GWRRA memory, so far?

A6. Her favorite memory so far is Ruby Pennington's Pamper Party. being pampered for a day. However, her favorite thing about the we talk about our members who are sick or going through hard asked to keep them in our thoughts and prayers. That is when she really are an extended family, not just a bunch of people who and ride motorcycles.

It was great fun
meetings is when
times and we are
realizes that we
know each other

That's it for this month, but coming soon – my interview with our Tech Tip Guy.

Peggy Grotberg

HAPPY 4th OF JULY

RIDER EDUCATION

Preventing Heat Related Illnesses

I borrowed this article from the national Rider Ed news letter. I thought that it would be appropriate for this time of year, when the hot weather is starting. We need a reminder of how to care of ourselves and other chapter members, to prevent heat related illnesses.

You can prevent heat-related illnesses. The important thing is to stay well-hydrated, to make sure your body can get rid of the extra heat, and to be sensible about exertion in hot, humid weather.

Your sweat is your body's main system for getting rid of extra heat. When you sweat, and the water evaporates from your skin, the heat that evaporates the sweat comes mainly from your skin. As long as blood is flowing properly to your skin, extra heat from the core of your body is "pumped" to the skin and removed by evaporation. If you don't sweat enough, you cannot get rid of the extra heat well, and you also can't get rid of heat as well if your blood is not flowing to the skin. Dehydration will make it harder for you to cool off in two ways: (1.) you won't sweat as much, and (2.) your body will keep the blood away from the skin to keep your blood pressure at the right level in the core of your body. But, since you lose water when you sweat you must make up that water to prevent dehydration. If it is humid, it's harder for the sweat to evaporate —this means that your body can't get rid of the extra heat as well when it's muggy as it can when it's dry.

The best fluid to drink when you are sweating is water. Although there is a little salt in your sweat, you don't really lose that much salt with your sweat, except in special circumstances; taking salt tablets may raise your body's sodium levels to hazardous levels. (You should consult your doctor to see if you need the extra salt.) "Sports drinks" such as Gatorade® will work also, but water is usually easier to obtain.

It's also important to be sensible about how much you exert yourself in hot weather. The hotter and more humid it is, the harder it will be for you to get rid of the excess heat. The clothing you wear makes a difference too; the less clothing you have on, and the lighter it is, the easier you can cool off.

I'm going to stray from the article here. We as motorcyclists are prone to heat related illnesses because the riding gear we wear for protection covers most of our body. We have to pay very close attention to the hydration process during the summer months. In the Air Force I taught survival training. There were two things we always told our students to remember. I will share them with you – (1.) The best place to store water is in your body, that full water bottle doesn't do you any good. (2.) If you are thirsty, that is the first stage of dehydration - so drink!

We all love to ride and the weather around here is great for it. If we'll just apply these simple tips to prevent dehydration, we can enjoy a long hot summer.

Sorry we missed you at the meeting, but we just had to see what Americade was about.

As Always, Ride Safe!
Gerry

Tim's Tech Tip

This Tech Tip is reprinted from August 2006. A question in the Work Bench section of the latest edition of Wing World addressed the use of E85 fuel in Gold Wings. Stu Oltman noted that Gold Wings are not compatible and could not be "adjusted" to use this fuel! An older article by Howard Halasz pointed out that ethanol can damage O rings, seals and expensive throttle slides in the carbs. Honda recommends no more than 10% ethanol content in the fuel. E85 contains 85% ethanol and 15% gasoline. Gasohol has 10% ethanol and 90% gasoline.

From Our Chapter Couple of the Year

We're back!!! We are glad to be back home after a 20 day vacation. Our trip started in Kingsport Tenn. at the Region N Rally where we and others from North Carolina cheered on Allen and Carolyn Little, our COY from North Carolina, to their reign as the new Region N Couple of the Year. Congratulations to you both. After the Rally we drove thru Kentucky, on to West Virginia and Ohio to visit children and grandchildren. We continued on to Pennsylvania to visit Sonny's older brother in Midland. On Sunday June the 8th we continued thru Pa .crossing the 3 rivers in Pittsburgh. We had heard that Route 30 was a scenic route and we weren't disappointed. One of our unplanned stops was at the memorial site for the Flight 93 (9/11) crash, a very moving experience, standing where so many brave people lost their lives to save others. Gettysburg, Pa. was our next stop. We spent 3 days there, touring the Dwight Eisenhower Farm, the new visitors center, where they have a large museum dedicated to the Battle of Gettysburg. We toured the Battlefields and the guide was excellent in his presentation. You could close your eyes and almost see the men in battle and their struggle over the 3 days, that marked the turn in the Civil War. After Gettysburg we drove thru the hills and valleys of New York, into the lower part of Vermont. We stopped along the way to see monuments and learn about the Green Mountains Boys during the Revolutionary War. In Bennington, Vermont we when to the top of a Revolutionary monument, a foot shorter than the Statue of Liberty. We drove thru New Hampshire, another beautiful state, enjoying the villages along the way. Our original plan for this trip was to go to Nova Scotia, but due to a forecast of rough weather and rain, we chose to go with plan B. We went to Portland Me, and then turned south. We drove the coast of Maine, enjoying the beautiful coast line, visiting a lighthouse, but we couldn't go in, because it is occupied now by homeland security. We visited a quaint little seaside village, Watch Hill, R.I. and of course being Gold Wingers we had to try the Clam Chowder. We continued with our trip alternating between US 1 and I 95 stopping along the way to enjoy the countryside. Our drive thru New York City on Saturday afternoon, bumper to bumper wasn't part of our plan,we wouldn't want drive in that traffic every day. As we drove around Washington D.C., Sonny said for me to look, he didn't have time. I could see the Washington Monument and the Capital Building. We hope to return some day for a closer look. We did decide to go to Mount Vernon. It is a beautiful home, overlooking the Potomac River. The grounds and the museum took several hours to tour, a lot to see. As you have probably gathered as you have read this article, we enjoy the history of our country. The United States is a great place to live, a land full of history, and we hope to continue to see more in the future. . We met so many interesting people, all having a different story to tell, where they were from, sights they had seen, always something new to learn. It was a wonderful trip, but after 2900 miles and 14 states, on a motorcycle, we are glad to be back home, ready to ride and visit with our Gold Wing family.

Sonny and Betty

A2 Care Bear Ride Recap

2008 North Carolina District, Region N, & Nearby Events Calendar

JULY

NEWS FROM NATIONAL

July 5th, 2008

A2 Day Ride to WING DING

Wing Ding Themes

This year for Wing Ding we plan to extend the theme "Riding through the Decades" into the entire Wing Ding 30 event. Wing Ding 30 will have individual theme days for each day of the event. "Decades of the Day" 50's – 60's, 70's – 80's, 90's and beyond!

Thursday, July 3 -- Theme will be the 50's and 60's

We would like to encourage Members to dress up in 50's and 60's attire. Fifties and sixties day will also introduce a new Chapter competition for Wing Ding 30 in the Ballroom at 11:30 a.m. The Chapter dressed the most creatively in the 50's or 60's theme will win! The winning Chapter will have their picture placed in *Wing World*, as well as win a special prize! Members are encouraged to come and cheer for their Chapter.

Following the Chapter competition is the **Mascot Contest** in the Ballroom 1:00 p.m. – 3:00 p.m. The Mascot most dressed in the attire of any of the decades (50's-60's, 70's-80's, 90's and beyond) will win a special prize. Executive Director, Melissa Eason, will introduce the Home Office Mascot.

Immediately following the Mascot Contest, is the **Krazy Hat Contest** in the Ballroom from 3:00 p.m. – 4:00 p.m. The hat designed or decorated most like that worn in any decade (50's-60's, 70's-80's, 90's and beyond) will win a special prize!

Friday, July 4 - Theme will be 70's –80's.

We would like to encourage Members to dress in 70's or 80's attire.

INB will hold a special videotaped competition of "Name the Year of That Bike!" with a few lucky standby individuals from the crowd. These participants will be shown a few pictures of Gold Wings, year NOT disclosed. The contestant who can guess the most correct years, or can guess them the fastest, will win a special prize.

Saturday, July 5 - Theme will be 90's and beyond!

Members are encouraged to dress either present day or very futuristic!

We will be introducing the "Gold Wing of the Future!" Bike Show, judged as a Members' choice. Members may bring in a toy model, a detailed drawing or even a picture of their futuristic bike for display. Members will be allowed to view and judge each "bike" by placing a ticket in a bucket for their choice.

Enjoy the Ride!
Melissa Eason
National Director
