## LIST OF APPROVED GAMES CLINICIANS

**List current as of 5 January 2001**

The following is a list of confirmed Mounted Games Clinicians who have been approved by the Games Committee Chair of the USPC. This list is by no means complete; efforts are presently underway to add additional approved clinicians.

*Purpose:* The purpose of this list is to provide a listing of experienced Games players and coaches who have prior experience with running a Games clinic for clubs and regions who may wish to sponsor a games clinic for their club, or for their region, or as part of a "Fun Games Day", or for some other similar reason.

*Basics:* All clinicians on this list have voluntarily added their names to this list. This listing in no way guarantees their availability; rather, it means that they may be contacted at the discretion of a club or other body which may desire his (or her) services as a clinician. It is expected that, for all clinicians, the travel fare, lodging and meals will be provided by the host organization. Some clinicians also charge a fee for their clinics; this is noted on the list. Finally, the host group is responsible for the setup and conduct of the clinic itself; it is the host club's responsibility to be certain that appropriate safety measures are in place and that hold harmless and other insurance details are complete.

Clinicians are listed in alphabetical order.
