

華新中文學校

Hwa Shin Chinese School

P.O. Box 82, Mountain View, CA 94042

**Business Chinese Division** is affiliated with TLI (<http://www.tli.com.tw>) that has more than nine Chinese Language centers in Beijing, Tianjin, Shanghai, Suzhou, and Shenzhen.

Since its founding in 1956, TLI has provided Chinese language education to foreign students from five continents. More than 100,000 students have completed its courses to date and have become bilingual experts in the fields of business and politics.

Our textbooks are the accumulative result of our wealthy experience from our teachers through the years in teaching Chinese. Using improved TLI Chinese textbooks (simplified Chinese characters/pinyin for PRC and traditional Chinese/zhuyin for Taiwan), our experienced Chinese teachers conduct Business Chinese classes for corporations professionals who want to prepare themselves to do business in China and/or are planning to work with Chinese government and companies.

Each Business Chinese class is organized individually or in groups to meet student's business needs and to accommodate their busy working schedule. Having experienced and knowledgeable native Chinese speaking teachers to provide proper guidance is the most important element in learning a language. This is one of Hwa Shin's strengths.

Another advantage in taking our Business classes is that after arriving in China or Taiwan, they can continue their Chinese learning at various TLI locations without interruption.

We also offer practical/conversational Chinese classes for their families.
