Legal Deposit of Books Published in Israel

I would like to bring to your attention the law requiring every publisher or producer in Israel has to deposit 2 copies of every publication or production, in the Jewish National and University Library within 30 days of publication.

This law applies to all materials - video, tapes, books, periodicals, newspapers, maps, sheet music etc.

According to this law, you are obligated to send 2 copies of each of your publications or productions to the Jewish national and university Library.

The books will be registered in the catalogue of the library and in the Israel union catalogue. These catalogues are available to the public on the Internet at:
www.jnil.huji.ac.il.

Yours truly

Rivka Shveiky
