

Participate in a Psychology of Aesthetics Experiment

Three very quick and easy steps!

Please go to each link (steps 1-3). The first link asks you to complete a simple test while providing additional background information.

The second and third links are ***aesthetic judgment tasks***. For all, don't forget to click the "**Done**" button at the end of each page/link.

After each link/step, come back to this email before continuing on to the next step. If you would like a friend to participate too, ask h/him to reverse the order in which they do the last two steps (do steps 3 and then 2 instead).

Thank you for your participation!
