

MCAS BIO2006

5th National level Biological Congress on "Biotechnology: A Global Perspective" 6th & 7th January 2006

Objectives of the Congress

The prime objectives of the 5th National Level Biological Congress is to bring together Scientists, Technologists, Industrialists, Professors, Research Scholars, and Students on a common forum and to have a discussion on the pros and cons of Biotechnology and to bring out the far-reaching consequences of Bioscientific research. Biotechnology is a very rapidly emerging new branch of Biosciences and it is very appropriately called "technology of hope" because it promises food, health and environmental sustainability. The Indian Biotechnology sector is gaining global visibility and is being tracked for emerging investment opportunities.

"Biotechnology: A Global Perspective" will be highlighting the following thrust areas and will analyze and find universal remedies for the problems like hunger, poverty, ill health, pollution, unemployment etc.

- Biotechnology & Environment
- Biotechnology & Health
- Biotechnology & Agriculture
- Biotechnology & Information Technology
- Animal Science & Animal Biotechnology
- Plant Science & Plant Biotechnology
- Microbial Science & Microbial Technology
- Biochemistry & Biochemical Technology
- Academia – Industry Interaction
- Biocareer Development
- Biosafety & Bioethics
- Biotechnology & Business
- Biotechnology & Violence
- Intellectual Property Rights & Patent Law
- Indian Biotechnology in 2020

Call for Papers

Participants can present their papers for Oral or Poster presentations. They are requested to submit the abstracts not exceeding 250 words and to be submitted in 3½ Floppy Disc / CD using MS-Word along one hard copy.

Registration

Participants are requested to send the registration fee, as mentioned below, along with completed registration form to confirm their participation.

♦ Industrialists / Technologists-Rs.1,000/- ♦ Faculty from Academia-Rs.350/- ♦ Students-Rs.250/-

Registration fee may be sent by Demand Draft in favour of **Muthayammal College of Arts & Science-Seminar**, payable at Rasipuram.

Important Dates

Last Date for Registration and submission of Abstract	-	December 5 th 2005
Last Date for Submission of Full Paper	-	December 20 th 2005
Last Date to Request for Accommodation	-	December 20 th 2005

About the College

Muthayammal College of Arts & Science was founded by the Muthayammal Educational Trust in the year 1994, with the aim of bringing a new dimension to the study of arts & science. The college currently offers fifteen Under Graduate Programmes and fifteen Post Graduate Programmes in both fundamental and advanced courses. Research facilities leading to M.Phil., and Ph.D., are available in Biotechnology and Biochemistry. State-of-the-art infrastructure facilities combined with able and experienced faculty makes it possible to impart the latest technological advancement in biological science.

Location

Muthayammal College of Arts & Science is located at Rasipuram, 280 KM away from Chennai, 240 KM away from Bangalore, 165 KM away from Coimbatore, 36 KM away from Salem, on the Rasipuram-Attur State highway. Nestled amidst the sylvan settings of verdant farmlands, the college provides a serene ambiance to facilitate focused learning. The intellectually stimulating physical surroundings combined with the state of the art infrastructure have resulted in a rising number of students from urban India.

Dr. M. Sundararajan
Principal / Convener

Dr. M. Rajasekara Pandian
