

## DAVID REDDICK

Of the children of Daniel and Mary Reddick, David was the only child born in Canada. On the 1851 census (January 1852) he was recorded as age 14. In 1861 he was again recorded as born in Canada, and was aged 22. When Daniel died in 1866, David's was listed as a beneficiary. Accordingly he was likely alive at that time but nothing more is known of him.
