College Partnership Program

How much time a teacher wastes ?

- Rewriting and drawing diagrams on class board

- Writing complex equations and revising them

- Need to read for class the next day / session
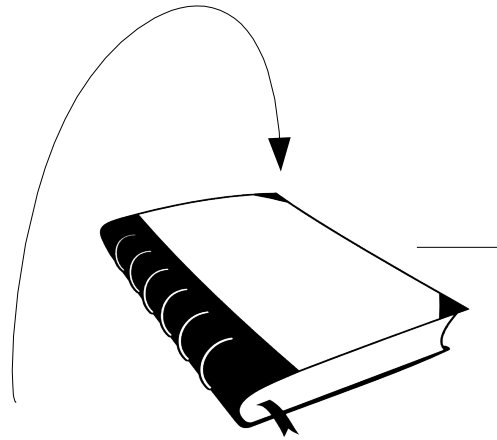

- Constructing exam papers and tests

Digitize your work

- Teachers prepare their final material once
- Mind As Lab digitizes it
- Gets it reviewed from teachers
- Creates E-Books

Access Control

Advantages

- Enormous savings in time and effort

- If web enabled students can access materials from anywhere

- Once the material is licensed to college, newly joined teachers can use the same material used by senior teachers

- By practice students learn e - learning
