WHO	NASIS TEXT TABLES	KIND	CATEGORY	SUBCATEGORIES	USAGE	TOPIC	POPULATION REQUIREMENT
PO	Component Text	edit notes	revisions to horizon data		Documents any and all changes to the component data and interpretations	Component Revisions	National
PO,SO	Component Text	edit notes	component	prime farmland, classification	Document component information		National
PO,SO	Component Text or horizon text	edit notes	horizon	available water, bulk density, calcium carbonate, clay content, depth, k factor, sand content, silt content, surface texture, t factor, pH, permeability, organic matter	Document horizon information		National
PO	Component Text	edit notes	geomorphic		Document geomorphic information		State and Project Offices
PO,SO	Component Text	edit notes	plant		Document plant information		Regional and State
PO	Component Text	miscellaneous notes	typical pedon	osd	Data from site location	Updating OSDs	National
PO	Component Text	miscellaneous notes	classification	revisions	Change to classification	Updating OSDs	National
PO	Component Text	miscellaneous notes	laboratory data		Laboratory Data	Updating OSDs	National
PO	Component Text	miscellaneous notes	typical pedon	modal pedon	Data from modal pedon	Updating OSDs	National
PO	Component Text	miscellaneous notes	typical pedon	summary	Summary of lab data	Updating OSDs	National
PO	Component Text	miscellaneous notes	field notes		Component properties	Updating OSDs	National

WHO	NASIS TEXT TABLES	KIND	CATEGORY	SUBCATEGORIES	USAGE	TOPIC	POPULATION REQUIREMENT
PO	Component Text	miscellaneous notes	taxadjunct statements		Statement formatted for inclusions in manuscript	Updating OSDs	National
SO,PO	Component Text	miscellaneous notes	hydric		Notes on hydric soil conditions		National
PO	Component Text	miscellaneous notes	typical pedon	osd	Data from site location	Updating OSDs	National
PO	Component Text	miscellaneous notes	range in characteristics		Documents any Soil Taxonomic changes to Official Soil Series	Updating OSDs	National
PO	Component Text	miscellaneous notes	type location		Documents any Soil Taxonomic changes to Official Soil Series	Updating OSDs	Regional and State
PO	Component Text	miscellaneous notes	taxadjunct statements				Regional and State
SO,PO	Component Text	nontechnical description	soi	S5id	Nontechnical descriptions used for planning purposes. This is mainly historical data. Check with MO before entering data		National
PO	Data Mapunit Text	correlation notes	built or copied from		Documentation on which data mapunit(s) were used to build or edit this data mapunit	Data mapunits - edited/built	National
PO	Data Mapunit Text	correlation notes	combined units		Documentation for combination of two or more map units		National
PO, SO	Data Mapunit Text	correlation notes	field notes		Notes on Data Mapunit collected during the course of field work	Support and documentation data for Data Mapunit	Regional and State
PO, SO	Data Mapunit Text	linked			A copy of the description, written to show what was linked. The primary copy of this note is in the Map Unit text notes under the kind: correlation notes and category: linked	Linked DMU's	National
PO, SO	Data Mapunit Text	miscellaneous notes	major uses		Documents information on the major uses	Data Mapunit Uses	National

WHO	NASIS TEXT TABLES	KIND	CATEGORY	SUBCATEGORIES	USAGE	TOPIC	POPULATION REQUIREMENT
PO, SO	Data Mapunit Text	miscellaneous notes	landform		Landform statement for MUG	Data Mapunit Uses	National
PO, SO	Data Mapunit Text	miscellaneous notes	landform position		Landform statement for MUG	Data Mapunit Uses	National
PO, SO	Data Mapunit Text	miscellaneous notes	minor components		Minor component statements	Data Mapunit Uses	National
PO, SO	Data Mapunit Text	miscellaneous notes	setting		Documents information on the setting (landform & landform position)	Site data	Regional and State
PO	Horizon Text	edit notes	range in characteristics		Documents any and all changes to the TUD or OSD	Horizon Revisions	National
PO	Horizon Text	edit notes	description		Documents any and all changes to the horizon data	Horizon Revisions	National
PO	Horizon Text	edit notes	revisions		Documents any and all changes to the horizon data	Horizon Revisions	National
MO	Legend Text	certification status	aml reports		Aml reports needed for SSURGO certification	Aml Reports	National
MO	Legend Text	certification status	date		To populate the date for the a SSURGO download; use mm/dd/yy format	SSURGO date	National
SO, MO	Legend Text	certification status	map compilation issue		Instructions for map compilation, map finishing, and digitizing	Map compilation	National
SO	Legend Text	certification status	metadata		Metadata notes needed for SSURGO certification	Metadata	National
MO	Legend Text	certification status	notes		Notes pertaining to the certification of the data for SSURGO	SSURGO notes	National
MO	Legend Text	correlation notes	correlation amendments	first, second, third, fourth, etc.	Amendments to Correlation Memorandum	Correlation amendment	National
MO,PO	Legend Text	correlation notes			To document tentative and approved correlation decisions	Correlation notes	National
MO	Legend Text	correlation notes	correlation memorandum		To insert the Correlation Memorandum	Correlation memorandum	National
PO	Legend Text	correlation notes	geologic history		To capture general geology of the subset	Geology	Regional and State

WHO	NASIS TEXT TABLES	KIND	CATEGORY	SUBCATEGORIES	USAGE	TOPIC	POPULATION REQUIREMENT
MO,PO	Legend Text or Mapunit Text	correlation notes	landform		To capture notes about the correlation of soils to a particular landforms in a subset	Landform	Regional and State
PO	Legend Text	miscellaneous notes	manuscript	history	Manuscript history section	Section of the manuscript	National
PO	Legend Text	miscellaneous notes	manuscript	geology	Manuscript geology section	Section of the manuscript	National
PO	Legend Text	miscellaneous notes	manuscript	range	Manuscript range section	Section of the manuscript	National
PO	Legend Text	miscellaneous notes	manuscript	forestry	Manuscript forestry section	Section of the manuscript	National
PO	Legend Text	miscellaneous notes	manuscript	recreation	Manuscript recreation section	Section of the manuscript	National
PO	Legend Text	miscellaneous notes	manuscript	wildlife	Manuscript wildlife section	Section of the manuscript	National
PO	Legend Text	miscellaneous notes	manuscript	soil formation	Manuscript soil formation section	Section of the manuscript	National I
PO	Legend Text	miscellaneous notes	manuscript	general nature	Manuscript general nature section	Section of the manuscript	National
PO	Legend Text	miscellaneous notes	manuscript	crops	Manuscript crops section	Section of the manuscript	National
MO	Legend Text	mou	initial		Copy of initial mou	Acreage revisions	State and Project Office
SO,MO	Legend Text	mou	amendment		Amendments to mou	Final Field Review	National
MO	Legend Text	initial field review			To insert Initial Field Review Report	Initial Field Review	National
MO	Legend Text	progress field review			To insert Progressive Field Review Reports	Progressive Field Reviews	National
MO	Legend Text	final correlation			To insert the Final Correlation Conference Report	Final Correlation Conference	National
MO	Legend Text	edit notes	tech. edit completed	manuscript review	To insert the SDQS Technical Edit Report	Manuscript Technical Edit	National

WHO	NASIS TEXT TABLES	KIND	CATEGORY	SUBCATEGORIES	USAGE	TOPIC	POPULATION REQUIREMENT
MO	Legend Text	miscellaneous notes	nonssurgo		Document reason(s) why digital soil survey doesn't meet SSURGO standards	Digitized non SSURGO	State and Project Office
PO	Mapunit History Text	miscellaneous notes			Historical progress of a map unit in a subset		State and Project Office
PO	Mapunit History Text	linked			A copy of the description, written to show what was linked. A second copy of this note is in the Data Map Unit text notes under the kind: correlation notes and category: linked	Linked DMU's	National
PO,SO	Mapunit Text	certification statements	joining		Documentation for decisions relating to joins with other survey areas	Joining	National
PO	Mapunit Text	correlation notes	evaluation		Notes by mapunit found during the evaluation of an out-of-date survey	Soil Survey Evaluation Worksheet	National
PO,SO	Mapunit Text	correlation notes	lab data		Used to insert all lab data for a map unit that has been collected within an MLRA; includes summary reports of lab data analysis	Lab data	National
PO	Mapunit Text	map unit description					National
SO,PO	Component Text	nontechnical description	soi	s5id	Nontechnical descriptions used for planning purposes. This is mainly historical data. Check with MO before entering data		National
PO	Mapunit Text	miscellaneous notes	mud	location	Major landscape position on which the mapunit occurs		State and Project Office
PO	Mapunit Text	miscellaneous notes	mud	major uses	Dominant uses of the mapunit		State and Project Office
PO	Mapunit Text	miscellaneous notes	mud	mgt limitations	Dominant management concerns		State and Project Office
PO	Mapunit Text	miscellaneous notes	similar soils		Similar soils statement for MUG		Regional

WHO	NASIS TEXT TABLES	KIND	CATEGORY	SUBCATEGORIES	USAGE	TOPIC	POPULATION REQUIREMENT
PO	Mapunit Text	miscellaneous notes	dissimilar soils		Dissimilar soils statement for MUG		Regional
PO	Mapunit Text	miscellaneous notes	gsm		General soil map unit that the mapunit belongs in		State and Project Office
PO	Site Text	correlation notes	documentation		Transect and other data collected; summary of transect data, 232's, and other field notes	Support and documentation data for map unit	National
	Pedon Text	miscellaneous notes	lab data				Regional and State
SO,PO	Pedon Text	correlation notes					National
PO	Pedon Text	miscellaneous notes	pedon conversion	pedon note, formatted			State and Project Office
PO	Pedon text	pedon note, unformatted					State and Project Office

PO = Project Office Staff

SO = State Soil Staff

MO = Region MLRA Staff
