Other News

As many of you know, the
farm next to Norrisville
Elementary has been
purchased by the county.
Some of the land is
designated for field use by
Parks and Rec., but there
are *also* plans underway for
the State Highway Adm. to
have a *dome* complex on
the land. 2008 is weeks
away, and we need
feedback from community
members on what their
feelings are about this
issue. I will work to get the
most information I can.
Thank you, Nancy Pappas
