

## **Criminal Shockin'**

[INTRO]

[VERSE]

I remember when I was young  
Me and Susie had so much fun  
Watching porn and smokin dope  
Two consenting adults  
With a life full of hope  
But the biggest kick I ever got  
Was when they gave me the Criminal Shock  
While the other death row cons would watch the clock  
I was hoppin and boppin from a Criminal Shock yeah

[CHORUS]

*Criminal Shockin  
Your body rockin  
And your feet just can't stand still  
Smoke rising out the top of your head  
From a current meant to kill  
Momma Momma don't want to die  
I saw her eyes through the venetian blinds  
Criminal Shockin is the ultimate in spite*

## **Criminal Shockin'**

**[ 2'nd VERSE]**

As the years went by and the cons all died  
Some inhaled bad gas and some got asses fried  
Long nights standing with a parish priest  
Hoping for a stay from the state Supremes  
But they won't forget the thrills they got  
Cooking guys with a Criminal Shock  
Learning fast that their sins were vast  
They really thought that the Criminal Shock would last

**[ 2'nd CHORUS]**

*Well, Criminal Shockin  
Your body rockin  
And your feet are both strapped still  
You lose control of your bladder  
And your lungs refuse to fill  
Momma Momma don't want to die  
You see your family's eyes through the venetian blinds  
Criminal Shockin is the ultimate in spite*

## **Criminal Shockin'**

[ Final VERSE ]

I remember when men were hung  
And when guillotines ended fun  
From a pit just getting stoned  
Our modern form of justice  
Has been skillfully honed  
But the lesson that we must be taught  
Is that bad people get a Criminal Shock  
Screw the Liberals with their life is sacred talk  
They won't do it again after a Criminal Shock yeah

[ 3'rd CHORUS ]

*Criminal Shockin  
My body rockin  
As electrodes burn my head  
The press corps gasps as the lights go dim  
And they watch me going dead  
Momma Momma don't want to die  
I didn't mean to cross the street against the light  
Criminal Shockin is the ultimate in spite*
