

## **30 YEARS OF WALKING ON THE MOON**

### **[INTRO]**

### **[VERSE]**

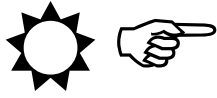

I spent 30 years  
Of dancing on the moon  
Mixing Tang  
With a Kevlar spoon  
No shadows cast  
It must be noon  
Ships a going down  
Like a lost baloon

### **[2'nd VERSE]**

Gyro's broke  
Cabin full of smoke  
"0" ring's blown  
Can't phone home

### **[3'rd VERSE]**

Chilled to the bone  
Got no fuel  
Got no pool  
Space so cruel  
Astronauts a fool

## **30 YEARS OF WALKING ON THE MOON**

**[Final VERSE]**

Reboot 3K of RAM  
Running out of Spam  
Houston's gone  
Don't give a damn  
Air supply  
Don't make me high  
Fuel cells dead  
And full of lye
