

# **LIVING IN A BUBBLE**

## **[INTRO]**

### **[1'st VERSE]**

I'm driving in the fast lane  
Going 45  
As far as I know  
I'm the only one alive  
I won't give 6 inches  
So you can turn on red  
I'm here all alone  
And I'm too brain dead

### **{CHORUS}**

*I'm living in a bubble  
I'm living in a bubble  
I'm living in a bubble  
And I hope it doesn't pop!*

### **[2'nd VERSE]**

I spray paint my name  
On the high school wall  
I park in the handicap  
At Beechwood mall  
I don't dump my trash  
When I leave Mickey D's  
Everybody loves  
My open mouth sneeze

### **{CHORUS}**

## **LIVING IN A BUBBLE**

### **[3'rd VERSE]**

I talk loud in movies  
Jump in your line  
I dump my ashtrays  
In parking lots  
All these things are fine  
I drink my coffee by myself  
At a table for 8  
Red lights are just suggestions  
When I run a little late

### **{CHORUS}**

### **[BRIDGE]**

### **[Final VERSE]**

I throw gum on the sidewalk  
Blow smoke in your face  
10 minutes at the ATM  
Don't seem out of place  
I stop my car in the street  
To talk with someone I know  
I make the whole aisle stand  
When I'm late for the show

### **{CHORUS}**

### **[ END]**

**Music:** Radiation Factory
