

# HYDRATED MAN

[INTRO]

[VERSE]

Hydrated Man sips fluids whenever he can  
Decaff, water, or N/A Beer  
He's rarely seen without a drink in his hand

Hydrated man as he tips his glass  
Loosing moisture and drying fast  
Hydrated Man when do those fluids pass

[2'nd VERSE]

Fluids flow through the hydrated man  
He holds them till they escape as gas  
Moisture sustains him from the can

Space is wide and the drinks are few  
The moon is dry and no place for you  
Did you come just for the view

{CHORUS}

*Pioneer Woman  
And water boy too  
Living in a big beer can  
Farming all the wells  
Drying out in Hell  
Love that swelling man*

## **HYDRATED MAN**

### **[3'rd VERSE]**

Carbon solvents are held in glass  
Downed the gullet and sure to pass  
But they are drying fast

He needs hydration to sustain  
It's time to sip and repast  
Powdered remains are his last

### **[BRIDGE]**

### **[FINAL VERSE]**

In a vacuum water boils away  
Lost among the stars  
By the quart or litter by the way

Emptied cans mark his trail  
When they're all done  
Major systems fail

### **{CHORUS}**

### **[END]**
