

Bio I

Notes: Plasma Membrane and Cell Wall

	<i>Function</i>	<i>Prokaryotic</i>	<i>Eukaryotic</i>	
			<i>Animal</i>	<i>Plant</i>
Plasma membrane				
Smooth ER				
Cell wall				

Components of the plasma membrane:

1. *Phospholipid*

- Location:

- Structure:

- Function:

2. *Cholesterol*

- Location:

- Function:

3. *Carbohydrates*

- Location:

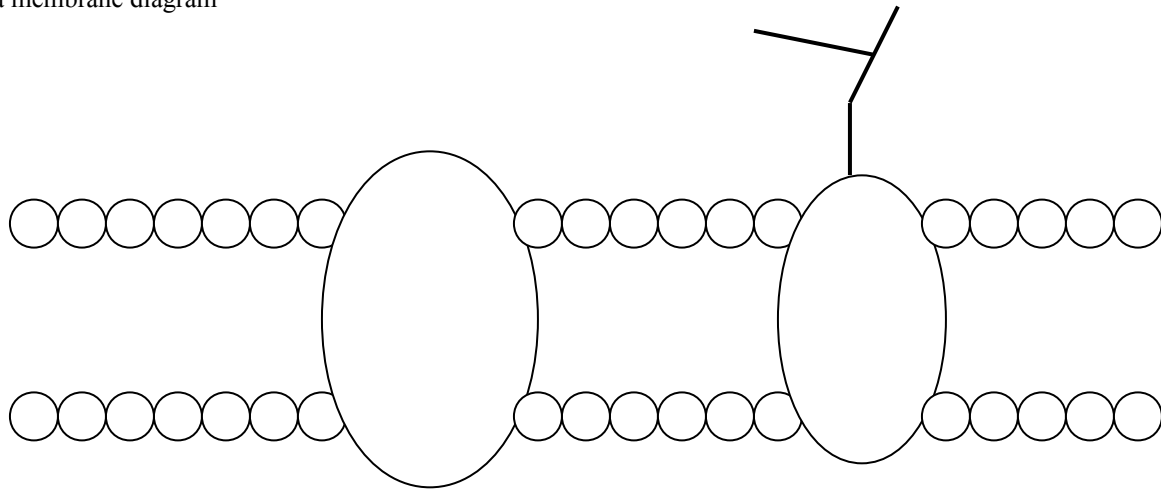

- Function:

4. *Protein*

- Location:

- Function:

Plasma membrane diagram

Fluid Mosaic Model

Cell wall:

- Location:
- Structure:
- Function:

Organisms and their cell wall structure
