VEHICLE DOCUMENTATION FORM

Hi!, please find enclosed a vehicle documentation form, I heard of your SVO and thought I would pass along this information sheet to you, just to give you an idea of the uniqueness and special performance of your SVO. I really believe that you are the owner of a very rare and interesting vehicle.

Are you aware of the production figures for this vehicle?? There were only 9844 units sold for the three production years. Putting this into context, Shelby Mustangs production was over 15000 units! There were 4508 units sold in 1984; 1515 in 1985; 439 in 1985.5 (very rare); and 3382 for 1986 (it's final year). Quite low!!

Anyways, the SVO Mustang was engineered by Special Vehicle Operations (Ford's racing group), the underlying purpose for the vehicle was to indicate to automotive enthusiasts the world over that "Ford's Back": back into racing, back into the production of performance oriented vehicles, and back into production of performance parts for all Ford products.

The SVO Mustang was marketed to appeal to the discriminating buyer who appreciated fine automobiles. It's european bred handling and performance hardware was at the cutting edge of technology for that time frame. Realizing the fact that technology costs money, the SVO Mustang was priced some \$6000 above the Mustang GT.

The Mustang SVO Owners Association was formed in 1989, initially to locate and register the SVO Mustang; promote fellowship among owners of this rare breed; and act as a source for information on the SVO Mustang. Over-time, the association has evolved into a full service organization which caters to you, the SVO owners.

The services which the association provides owners and enthusiasts are, among others, a quality newsletter; collectible insurance; statistical information on the SVO; technical how-to's and assistance; a National Registry; parts information; a classified section. Above all, the association provides the owner with factual information and expand the knowledge of owners on the uniqueness and special performance of the SVO Mustang.

With this in mind, I ask that you take a few minutes to complete the enclosed questionnaire. By completing this form you will be assisting the association in it's quest to document and register the SVO Mustang.

Mustang SVO Owners Association Inc

Suite 429, 4222 I-75 Business Spur, Sault Ste-Marie, MI., 49783-3620 (705) 525-SVO1

Name: _____ Model Year: _____
