Driving directions to The Golden Hibiscus

From Miami Airport

The easiest way is to take the Florida Turnpike, direction South.

The turnpike ends in Florida City and brings you right into US1.

US1 is the only highway in the Keys and is marked with mile markers. Take US1, direction South (Key West). **Do not take Card Sound Road as it is a toll route and a longer way.**

Cudjoe Key is immediately after Summerland Key and the bridge crossing Kemp Channel (both are marked).

At mile marker 23, on Cudjoe Key, turn left onto Spanish Main Drive. Stay on Spanish Main for about one mile, and you will see the entrance to the Venture Resort on your left.

After checking in with the guard, turn right at the gate; we are the third home on the right side of the street. A number 3 is marked on the ground in white paint, just in front of the driveway.

Driving directions from Key West Airport

Turn left on A1A (the road in front of the airport). Turn right at the second traffic light which will bring you onto US1. Stay on US1 until mile marker 23.

At mile marker 23, on Cudjoe Key, turn right onto Spanish Main Drive. Stay on Spanish Main for about one mile, and you will see the entrance to the Venture Resort on your left.

After checking in with the guard, turn right at the gate; we are the third home on the right side of the street. A number 3 is marked on the ground in white paint, just in front of the driveway.
